Hire Requirements

Here at Streetwise we are working towards being the best in the industry. Part of reaching this goal is having a safe, knowledgeable, and dependable team.

Our employment requirements include:

- ▶ TCP Certification*
- ▶ Drivers License
- ▶ Reliable vehicle
- ▶ A clean drivers abstract is an asset
- ▶ Willingness to travel
- ▶ Flexible Availability

Traffic Control is a **24/7, on-call industry**. We are looking for people who will have flexible availability on a daily basis, including weekends.

*** - Streetwise offers the TCP certification course. Please call for**

Testimonials

Streetwise Traffic Controllers is a breathe of fresh air for an employee with 20 years of experience in the industry. I have been a TCP since 1998 and worked for 2 other large companies and coming to Streetwise was an eye opener to how employees can be treated. We are treated with respect, and sincere gratitude for what we do on the road.

The owners of the company care about the employees and the safety of every employee who works for them and will stand up for employees, always having our backs and hearing both sides to every altercation or disagreement, because we all know there are lots in this industry as we are the sounding board for angry motorists. Angelia and her whole office crew work on the road as well so they know exactly what we are up against everyday we step on the road, from safety to just needing to be off work for an appointment when the job is going late.

I would recommend Angelia and her company to anyone looking for a job or needing training in the traffic control field as Angelia is a great teacher who wants everyone learning safe, proper work practices. From a happy employee of Streetwise Traffic Controllers.
Tammy M

I like everything about our company. We work as a team and Angelia and Tehjay do everything to keep everyone working, as well we have a wonderful group of office staff that keep things running as smooth as possible. Chris W

Community Involvement

August 2014 Ice Bucket Challenge in support of Amyotrophic Lateral Sclerosis (ALS) or Lou Gehrig's Disease.

In April of 2016 we participated in Chilliwack's "Amazing Chase" in honour of Lilee-Jean and all other children who have fought the battle against Cancer.

Since 2014 our team has volunteered our time to conduct the traffic control for the Annual Fraser Valley Toy Run.
